

## Papillion La Vista Community Schools ACT Prep Course

Are you planning on taking the ACT this fall? Are you as ready as you can be? Do you need additional help to get the score you want? Check out the PLCS District ACT Prep Courses! The course has a low cost compared to other ACT prep courses and you personalize it to your needs: take only the courses where you need to improve your score.

Why should I take the PLCS ACT Prep Course? In 2020-21, 75% of students who took the PLCS ACT Prep Course raised their score in at least one area; one student even raised his composite score by 8 points!

This year we are also offering two courses: ACT Prep Level 1 and ACT Prep Level 2.

- **ACT Prep 1 Level 1:** Suggested for any student who has not previously taken the ACT OR has scored a 26 or lower on the ACT.
- **ACT Prep Level 2:** Recommended for any student who has taken the ACT Prep Level 1 course OR scored a 27 or higher on the ACT. This course assumes students are proficient in time management and the basic content knowledge necessary for that subject area.

Level 1 Science

Papillion La Vista South High School

Level 2 English

"The course helped explain the things I didn't understand before."

~ PLHS Junior

"Going over what will likely be seen and going over little tips and tricks was very helpful!"

~PLSHS 12th grader
