Discussion/Information Items
Dr. Rikli on behalf of Mr. Doug Lewis, introduced Mr. Scott Keene of Piper Sandler and Company to present on the District’s General Obligation and Refunding Bonds, Series 2020B. The District will need additional funding to facilitate the bond construction schedule over the 2021 fiscal year. Interest rates continue to be favorable for bonds allowing opportunities for savings to the District in refunding existing bonds. The resolution presented before the Board will allow the President or Vice-President of the Board to authorize the sale of bonds for these purposes in a timely manner within the parameters established by the Board. The current draft resolution authorizes an amount not to exceed amount of $92,000,000 in General Obligation and Refunding Bonds. The draft authorizes $52,000,000 in refunding bonds and $41,000,000 in new money bonds. The bonds could be issued in one or more series on a taxable or tax-exempt basis. Section 2 of the resolution is provided with recommended parameters for the refunding. Action will be asked of the Board during the October 26 regular meeting of the Board.

Dr. Rikli on behalf of Mr. Lewis shared the proposed changes to the District’s fundraising policies. Currently policy language regarding fundraising in the District can be found in board Policy #1405 - Solicitation in Schools, Policy #1409 - Special Projects Fundraising, and Policy #3203 - Periodic Financial Reporting and Money Handling.

The draft fundraising policy language is a three-tiered model which delineates based on the estimated project cost and the group doing the fundraising. The draft proposal will not eliminate any of the policies above. However, the procedure in Policy #3203 and #1405 pertaining to fundraising will be eliminated and included in the procedure of the new fundraising policy. Policy #1409 would become the new policy and the updated special projects policy would be numbered #1410 to provide an appropriate order for these two policies.

In the three-tiered model, tier one would apply to only student-based groups within the school or district. Tier two and tier three would apply to any group fundraising for projects with the identified estimated costs. Ongoing yearly commitments such as teacher grants from the Papillion La Vista Schools Foundation are excluded from these requirements.

The draft policy has been reviewed by the Board subcommittee, district administrators, high school principals, high school activities directors, building level administrators, the PTO, PTN, and Booster Club leadership. Action will be asked of the Board during the October 16 regular meeting of the Board.

Dr. Rikli brought to the Board’s attention a request that has been made by Offutt School Liaison, Michelle Pridell. Ms. Pridell has contacted the District about the possibility of expanding the relationship between Offutt Air Base and the Papillion La Vista Community Schools. USAF Colonel Dayton has respectfully requested that PLCS consider allowing a representative to attend future Board of Education meetings once a month as a non-voting, military advisor. The Bellevue Public Schools Board of Education have included a military advisor at their regular meetings for several years. Approximately 9% of our District students have one or more parents serving in our armed forces. Mr. Brasfield asked board members if they would prefer to discuss the proposal further in a board subcommittee meeting. Board members agreed to have further discussion at a subcommittee meeting. At this time, it is noted the Board did not clarify which subcommittee the meeting would be held at.
Board President Brasfield reviewed the future board calendar.
Board President Brasfield adjourned the meeting at 7:09 p.m.
