Discussion/Information Items
The first session of the 107th Legislature has started. Mr. Tim Gay and Ms. Kaitlin Reece from Catalyst Public Affairs, who are the district’s lobbyists, provided an update on the bills that the District is closely watching this session. Bills LB 389 and LB 5 letters of support have been submitted from our district. Additional bills that were discussed are LB 135, LB 408, and LB 327. Mr. Gay and Ms. Reece will attend a future board meeting after the bills have been prioritized to give an update on the bills.

Dr. Rikli on behalf of Mr. Doug Lewis discussed the Papillion La Vista High School Playing Field and Press Box/Concession Building Bid. Bids are opened on February 11 for the project designated as PAPILLION LA VISTA HIGH SCHOOL PLAYING FIELD + CONCESSIONS/PRESSBOX BUILDING. The project consists of construction of 3,630 square feet of new addition concessions/press box building and replacement of the turf playing field. The building will include restrooms, training room, officials room, storage areas, concessions area and pressbox for viewing of both fields. Dr. Rikli was asked to research how long the current turf has been used at PLHS. Ms. Fisher asked if there would be funds left after the projects were completed. Dr. Rikli replied the funds will come from the District’s Special Building Fund. After these two projects are completed there will be funds still available.

Ms. Shureen Seery, Assistant Superintendent of Curriculum, provided an overview of data and information on the impact of COVID and student performance through the first school semester. Ms. Seery provided the secondary percent of students that failed two or more courses first semester and compared remote students to in-person learning students. She then shared the average RIT (Rasch Unit, standard measurement score) scores by grade level for reading and math. It was noted that students performed better in reading versus math. The impact of absences of in-person learning was shared. Teachers have had a very difficult time trying to catch up students that have missed school due to COVID and ensuring that the students have the opportunity to get caught up online while teaching their in-person classes. The percentage of students that are on track to graduate was shared. Many remote students moved back from remote to in-person learning the 2nd semester to recover lost credits. Currently 84% of seniors are on track to graduate. The additional considerations include evaluation interventions across all grade levels, expanding Summer School opportunities and course offerings, evaluating additional math support, continuing to identify key curriculum concepts, and offering additional credit recovery opportunities at the high school level.

In summary teachers have risen to the challenge in both remote and in-person learning, we have a higher failure rate in remote than in-person learning, COVID has impacted instructional time, and our focus is to get all students back on track. Ms. Witt, Ms. Fisher, and Mr. Lodes thanked the staff and teachers for their support and extra work to keep the students safe and in school. Mr. Madler referenced the Omaha World Herald, February 7 article with a question: Regarding the high failure rate for remote students – what does it look like for students that are consistently attending remotely versus the students that are not consistent logging on? Ms. Seery replied that the numbers are different by grade level. On the high school level students log on for each classroom and attendance is taken. At the elementary level students log on and off at different times of the day for different reasons. The consensus is if students engage every day then students are generally successful.

Dr. Kati Settles, Assistant Superintendent of Human Resources, shared that the Series 2000 Board Policies are up for annual review. Recommended changes will be discussed at the February 22 board meeting, with possible
action at the March 8 meeting. If there are no changes recommended, the Board will acknowledge review of the Series 2000 Board Policies at the February 22 meeting.

Board President Lodes reviewed the future board calendar. Board President Lodes adjourned the meeting at 7:34 p.m.
